

Adopt-A-Mitigation

Application to Adopt-A-Mitigation

The Inyo-LA Long Term Water Agreement (LTWA) and associated agreements call for numerous projects to mitigate impacts of DWP's water gathering activities during the 19 years of litigation leading to the LTWA. There are over 100 mitigation projects. Some examples of mitigation projects include re-greening programs, canal re-watering plans, woodlots and local recreation areas like Klondike Lake.

As stewards of the Owens Valley, the undersigned request permission to adopt a Mitigation of the Inyo County/City of Los Angeles Long Term Water Agreement, which would include learning about the Mitigation and monitoring the mitigation as appropriate and as outlined by the Owens Valley Committee. Because the range of Mitigation measures varies dependent on the specific project, monitoring will also vary. Examples of monitoring activities may include taking photos, taking measurements as specified, attending meetings, reading materials and reporting findings.

Name of Adopting Organization/Individuals: _____

Designated Representative: _____

Address: _____

City: _____ State: _____ Zip: _____

Email: _____ Telephone Number: _____

Mitigation of Interest: _____

Professional skills/Talents: _____

The monitoring will be performed under and in accordance with the General Program and Safety Guidelines incorporated herein by reference.

Applications to whom an Adopt-A-Mitigation Program Designation and Agreement are issued shall at all times indemnify and save harmless the Owens Valley Committee, and agents and officers, from responsibility, damage, or liability arising from the exercise of the privileges granted under designated programs. The Program Designation and Agreement may be terminated by the Owens Valley Committee at any time. The Owens Valley Committee reserves the right to revise or discontinue the Adopt-A-Mitigation Program at any time.

I have read, understand and shall comply with the Adopt-A-Mitigation general program safety guidelines regarding participation in the program.
